Description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Applicants representative proposed amendments of the claims that they felt would overcome the obviousness rejection based on the art of record. Specifically these amendments included the limitations of the previously examined claims and the limitation of a biological preparation comprising a ex-vivo biological preparation. Applicants intent is also to argue why the motivation for the combination of the Fuks et al. and Wang et al. reference is lacking.

(A fuller description, if necessary, and a copy of the amendments, if available, which the examiner agreed would render the claims allowable must be attached. Also, where no copy of the amendments which would render the claims allowable is available, a summary thereof must be attached.)
